

Notes from UHRC Policy Group Meeting, 3/14

Subject: Notes from UHRC Policy Group Meeting, 3/14

From: Brian Buchner <brian.buchner@lacity.org>

Date: 3/16/19, 12:00 AM

To: undisclosed-recipients;

BCC: <mtenchavez@lahsa.org>

Thanks for participating in Thursday's UHRC Policy Group meeting.

We discussed the following:

UHRC Operations:

- * The UHRC continued its operations from 7am to 5pm, Monday - Friday.
- * Staffing continues to be an issue at the UHRC. This issue will be discussed at a future meeting.
- * LASAN will begin its three-day-per-week trash bag pick-up service at Venice & Globe on Wednesday, 3/20. On 3/19, in advance of the beginning of the trash bag pick-up, LASAN will deliver a 3-yard dumpster for a 24-hour period.

Chrysalis - Voluntary Storage Program:

* Chrysalis was invited to present information about their voluntary storage program to the Policy Group. Chrysalis discussed the specific example of The Bin @ El Pueblo. An example of a weekly report for The Bin @ El Pueblo is attached. A few details of the program include:

- * Hours of operation: 8am - 3:30pm
- * Clients must renew every 7 days
- * Each site includes 4 staff and 1 supervisor (3 on site at any given time)
- * Chrysalis can create photo ID on-the-spot (official gov't ID not required)

* Per Chrysalis, setup of one of these programs would cost approximately \$8,500 - \$10,000. Annual operating costs are estimated at \$300,000.

* The CAO referenced a prior CAO memo / report on temporary homeless storage. [Meg: Please distribute the report to the Policy Group at your earliest convenience.]

Focus Area(s):

* The Policy Group discussed the beginning of the enhanced services around the Schrader ABH site. Per CD13, SECZ signs will be posted throughout the zone on Monday, 4/1. HOPE Team outreach and engagement in the SECZ will begin on Monday, 4/8. The first CSLA cleanup in the SECZ will take place on Wednesday, 4/10.

Action Item(s):

* LAHSA is exploring the possibility of expanding its scope of services to require its contracted shelter and crisis housing operators to report real-time notification of bed vacancies in HMIS.

* LASAN is assessing the requests and need for large metal sharps receptacles and small plastic receptacles across the City. Per LASAN, these receptacles are approximately \$1,000 each and will LASAN will report back at the next UHRC Policy Group meeting.

Notes from the 3/7 UHRC Policy Group meeting are attached.

Please let me know if you have any questions, or if I have missed (or misstated) anything from the meeting.

Thanks so much!

Brian
